

In Memory of Joseph Dorazio
Past President of Escrow Associates of San Gabriel Valley

Joe Dorazio was an old-timer Escrow Officer who worked for Security Pacific Bank for 27 years. During this time he became involved with our organization and served as our President one year. Many of us old-timers remember him also as the “Sergeant-At-Arms” at our dinner meetings. He was the person who kept the peace and got all of us to do our duties at the meetings. Members who served on the Board with him will also recollect that he loved to host his annual “Swim and Eat” Board meetings where we would hang out and try to conduct association business while gorging ourselves on pasta and beer. I have never seen anyone actually appear in a swimsuit to swim, and I am not sure we got that much done at those meetings, but it sure as heck was a lot of fun!

Joe passed away in April, and although we will miss him, we will always have such fond memories of his dedication and good cheer.
